

YOUTH PROGRAMS

FOR GRADES K-12

Summer Programs

College Quest Entering grades 10-12

Immerse yourself in the college experience – from residence hall to classroom – through Western’s college prep program.

Global Connections Entering grades 4-6

Discover the fun of a college campus as you explore academic and recreational activities with new friends from home and abroad.

Grandparents U Entering grades 1-8

Create memories to last a lifetime as grandparents and grandchildren learn side-by-side in an interactive atmosphere.

Odyssey of Science & Arts Entering grades 4-9

Follow your passion as you dive into science and art topics of your choice in specialized labs and classrooms on Western’s campus.

Summerwinds Entering grades 6-12

Celebrate your love of music through this chamber music day camp designed for young woodwind players (flute, oboe, clarinet and bassoon).

Western Kids Camp Entering grades 1-6

Experience being on a college campus as you explore academic and recreational activities that help develop lifelong skills.

Western Inspires Leadership Development (WILD) Entering grades 7-12

Immerse yourself in a week-long program at Western’s Lakewood facility designed to foster personal and practical growth through fun activities and experiential learning.

WWU Lakewood Jr. Sailing Camp

Entering grades 6-12

Enjoy your summer in an outdoor classroom on beautiful Lake Whatcom as you master sailing and windsurfing skills.

Academic Programs

Computer Science Club Grades 6-9

Discover the FUN-damentals of technology in a creative, student driven and social club environment. Students will develop digital literacy skills and experience being on a college campus as they explore hands-on learning in specialized computer labs on Western’s campus.

GEMS (Girls in Engineering, Math and Science)

Discover opportunities for girls to learn and excel in the fields of Engineering, Math and Science and support STEM innovation.

GEMS Night Out Grades 3-8

GEMS Academy Grades 5-8

GEMS Fair All Ages

Kids Night Out @ Western (KNOW)

Grades K-5

Enjoy a well deserved date night while your kids have a fun-filled evening of hands-on science activities in Western’s Science Resource Center. An optional hour of swimming is available.

STEM Academy Grades 6-9

Enjoy hands-on experience with robotics, laser cutters, design thinking and other fantastic STEM fields through workshops partnering with The Foundry, The IDEA institute, WWU Robotics Club and more!
